

MOVE myNet

**Enhance the appeal of a property
or business with your own network
of charging stations.**

Excellent reasons for property owners

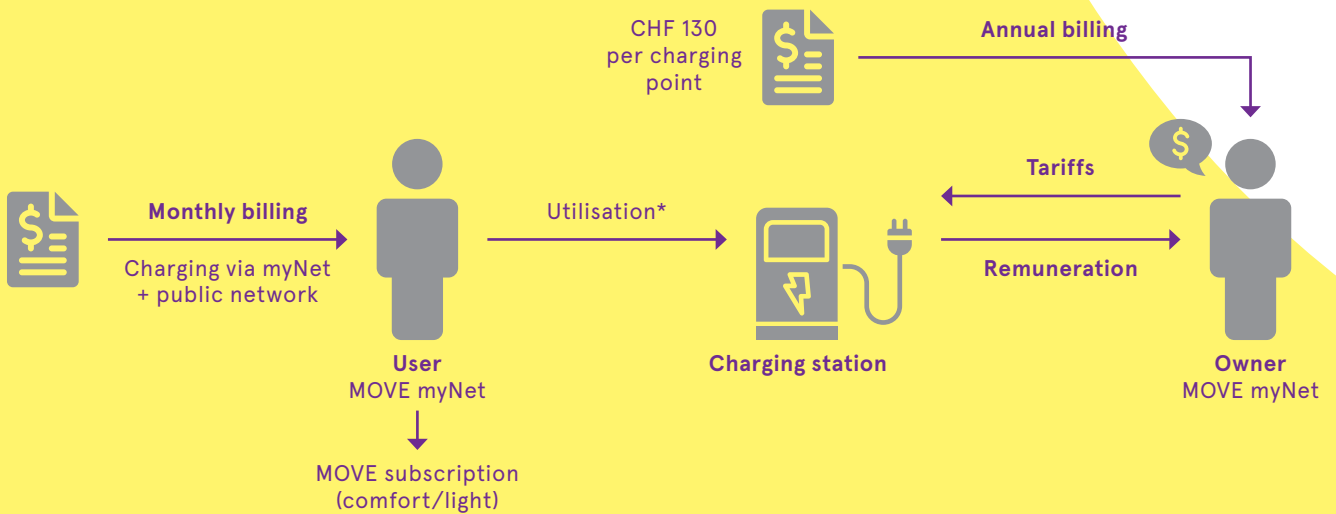

A rapidly growing number of electric vehicle owners are dependent on the availability of suitable charging stations close to where they live. As the owner of a property, you can greatly enhance its appeal by offering occupants the use of your own charging stations.

Excellent reasons for entrepreneurs

Large companies are increasingly joined by small and medium-sized businesses looking to offer the use of charging stations on their premises, either because they have electric vehicles in their own fleets or because they would like to offer employees electric vehicle charging during working hours.

MOVE Mobility AG – the operator of one of the best public smart networks of charging stations – now offers property owners and facility managers a solution that meets the needs of the growing number of electric vehicle drivers.

Thanks to MOVE myNet, owners benefit from the following advantages:

- You are free to choose the fee per kW/h of charging stations.
- You decide which users have access to your private charging network.
- Billing is half-yearly, based on the energy consumption of the users on your network.
- You enjoy professional customer service and the benefits of remote system monitoring.
- All this for an annual fee of just CHF 130.00 per charging point.

- * An additional 2% transaction fee applies for charging recipients with a MOVE comfort subscription when charging on MOVE myNet.
An additional 10% transaction fee applies for charging recipients with a MOVE light subscription when charging on MOVE myNet.

Your advantages as a MOVE myNet user:

- With your MOVE myNet subscription, you also get a MOVE badge (if you subscribe to MOVE comfort) or a MOVE card (for MOVE light) to activate your charging sessions.
- This enables you to securely charge your vehicle on your private network at rates determined by the network owner*.
- You also enjoy 24/7 access to the public network at standard MOVE prices.
- All charging sessions on myNet and the public network are covered by a detailed monthly invoice.

Our business experts will be happy to provide you with specific information, billing details, additional cards or key tags in a personal meeting. Please contact us any time on 026 322 34 01 or via email at sales@move.ch.

We look forward to hearing from you.
