

# MOVE comfort

**It's a no-brainer: the charging options offered by the MOVE network make driving your electric vehicle convenient, safe and, above all, easy to plan and budget.**

Congratulations! You're already a seasoned electric motorist or have recently decided to purchase an electric vehicle. Whichever of these apply to you, you can enjoy the comforts, advantages and pleasures of the mobility of tomorrow, all while helping the environment and promoting sustainability.

But perhaps you've already learned that there are some scenarios that put a (completely unnecessary) damper on the enjoyment of electric mobility. For example, when it's time to charge your vehicle and you're faced with a multitude of different technical systems, billing procedures, tariff structures and apps. Or when planning a longer trip, possibly into a neighbouring country.

As the operator of one of the best smart public charging networks in Switzerland, we're happy to let you in on some good news: such inconveniences are now a thing of the past! Join the thousands of other electric motorists who trust in the MOVE Mobility AG charging network to make their mobile experience that much easier. In Switzerland alone, this network already offers a vast number of MOVE charging options as well as access to many more. These are complemented by countless charging points across all of Europe, and the number is growing all the time!

The straightforward and convenient charging of your electric car has never been so close at hand. But that's not all. As a customer of the MOVE charging network, you enjoy numerous other benefits:

- Only MOVE offers billing and credit card debiting after the purchase of services, meaning no more bothersome topping-up of prepaid accounts.
- You enjoy the use of reliable charging stations that are compatible with every type of electric vehicle, many with fast DC 50–350 kW charging.
- No hidden costs.
- Thanks to our partners and third-party providers, MOVE is nationally and internationally networked.
- Ready access to the major Swiss and European charging networks at competitive standard prices.
- Green electricity guaranteed and inclusive.
- Enjoy high-quality 24/7 customer support in German, French and Italian.
- With the "Move – Charge your vehicle" app, you can locate every charging station on MOVE and on all partner networks – easily and conveniently. The app is available for free on iTunes and Google Play.
- The system is user-friendly, safe, straightforward and comfortable to operate, and the charging process is completely secure.
- Enjoy access to privileged charging stations.

#### Charging on the MOVE network:

- The annual fee for the MOVE charging network is CHF 59.–.
- Tariffs on the MOVE network (charging stations with the MOVE logo) are:
  - 1–11 kW: 0.35 CHF/kWh
  - 12–22 kW: 0.03 CHF/Min. + 0.35 CHF/kWh
  - 23–59 kW: 0.10 CHF/Min. + 0.59 CHF/kWh
  - 60–350 kW: 0.10 CHF/Min. + 0.59 CHF/kWh

#### Charging on MOVE partner networks:

- The tariffs for MOVE services at all other compatible charging stations in Switzerland and across Europe:
  - 1–22 kW: 1.50 CHF activation fee + 0.03 CHF/min. + 0.35 CHF/kWh
  - > 23 kW: 1.50 CHF activation fee + 0.10 CHF/min. + 0.59 CHF/kWh

---

As you can see, charging your electric vehicle has never been so easy! And registering for the MOVE charging network is equally straightforward: Just go to [www.move.ch](http://www.move.ch) and fill out the form. Within a few days, you will receive your MOVE badge, which is ready to use for your next charge – no further payment or registration required.

---

**We look forward to hearing from you.**
